"Absolutely excellent"

"Congratulations on your site. We have visited all the other sites and yours is by far the best!"

"I found this web page extremely useful. There is a lot of information to remember and having it all to hand is just perfect. It even contained things that I had clearly forgotten about. The checklists are very valuable and the way all the information is presented is very user friendly. I know this will help our move to be a little less stressful. Thank you!!"

"I was just browsing as we have recently put our house on the market - I was actually looking for advice on moving with a cat, and was delighted to see advice for dogs and fish as we have those too!! We have various other pets, but it is the 3 you have advice on that I wanted!!!"
